Ravensburger® Puzzle

Welcome!

We hope you'll find plenty to interest and entertain you in our 2016 catalogue.

Your letters, phone calls and emails have inspired many new designs. There are now more 500 piece puzzles, a small range of puzzles with extra-large pieces and many new images are based on themes you've told us you love. We've also brought back some designs due to "popular demand"!

Your feedback – good or bad – is hugely important to us and helps us to plan the road ahead. So please do stay in touch. Your feedback is vital to us, and to our British development team in particular. The development team (pictured above) develops

much of the range presented here and reads, absorbs and reacts wherever possible to your views. You'll find details of how to stay in touch on the back page of this catalogue.

This catalogue shows product launches for January 2016. We'll launch more new designs for the Autumn, and these will be shown on our website from September onwards.

Thank you so much for your continued support and interest in the Ravensburger brand.

Best wishes and happy puzzling!
