IMPORTANT INFO PLEASE READ CAREFULLY

Note on Automotive Trademarks

Through the past few years, EuroGraphics has signed licensing deals with most American car trademarks, including Ford, Lincoln, Mercury, Chrysler, Plymouth, Dodge, RAM, Jeep, Chevrolet, Cadillac, GMC, Buick, Oldsmobile and Pontiac; as well as Volkswagen from Germany, Automobili Lamborghini from Italy and Rover, Austin, MG, Austin-Healey, Wolseley and Morris from the UK.

Regrettably, most of our competitors are publishing puzzles with car trademarks without legal release. Our licensors are moving forward with steps to have these puzzles removed from the market by sending cease and desist letters to manufacturers as well as distributors and retailers carrying product that infringes copyright and trademark laws.

In the meantime, at EuroGraphics, we ask our distribution channels to pay special attention to this matter and support, in all fairness, the legality of our product.

High-end Art Prints for the Retail Space

What is a Giclée print?

Giclées are **high resolution prints** that are reproduced one at a time on our wide format printers using the latest printing technology. They are images carefully digitalized and curated to match the original art. The same printing process is used to reproduce digital art and photography. We currently have **more than 40,000 images** of all categories and genres to choose from. We can reproduce our images in a variety of sizes, **up to 60 inches** wide.

These prints are offered in 4 types of media:

100% Textile Cotton Canvas

Similar to the actual canvas on which a painter would produce his work

Texturized Premium Watercolor Paper

Similar to the actual paper on which a painter would produce his work

High Quality Photo Paper

Similar to a fine quality photo print

200M Gloss Paper

Similar to a good quality poster or art
